

EDUCATION

Bellevue College — Running Start Program

A.S. in Electrical and Computer Engineering; GPA 4.0

Bellevue, WA

Expected: June 2026

Lake Washington High School

AP Chemistry, AP Precalculus, Algebra 1-2, Geometry; GPA 4.0

Kirkland, WA

Sept. 2022 – June 2026

WORK EXPERIENCE

Bellevue College

Math Lab Tutor

Bellevue, WA

July. 2025 – Present

- **Tutor:** Oversaw session structure and ensure equitable time management between online and in-person tutees. Created safe environments to facilitate equitable learning, empowering students to become independent learners. CRLA Level 1 Certified.

Daiso Industries Co.

Associate Store Sales

Redmond, WA

Aug. 2024 – Sept. 2024

- **Cashier:** Managed and assisted in financial transactions alongside organizing merchandize. Resolved daily conflicts and provided compassionate customer service to ensure satisfaction.

LEADERSHIP & EXTRACURRICULARS

Math Club

Co-President/Treasurer

Kirkland, Washington

Sept. 2022 – Present

- **Co-President:** Managed and led a fifty member club. Focused on consistent member retention and volume. Organized competitions prep and coordinated competition logistics, allowing equitable, free competitions for students.
- **Treasurer:** Assisted in creating meeting slides, managing funds, and finding competitions. Took meeting notes alongside creating budgets for both the current and follow school year.

5827 FRC Robotics

Team Member

Kirkland, Washington

Sept. 2022 – Jun. 2024

- **Software:** Created software for autonomous control and configuration of drivetrain systems. Utilized CANBUS to communicate from roboRio to motors and PID loops for error correction on the drive train.
- **Build:** Built wooden competition sets & machined and assembled steel arm parts. Utilized 3D CAD to design custom parts and schematic. Configured 3-D printer to print out prototype models.

DECA

Competitor

Kirkland, Washington

Sept. 2022 – Jun. 2025

- **Competitor:** Competed once at national level (ICDC) and twice at the state level (SCDC). Competed in Accounting Application Series (ACT) applying both business accounting knowledge and public speaking, developing yearly fiscal plans and analyzing financial documents.

PROJECTS & SKILLS

osu!web: Contributed to Laravel backend querying matches endpoint, React tooltip components, and PHP BBCode alignment parsing.

Roblox Triggerbot: External cheating software utilizing YOLO object detection trained on Roblox avatars dataset to automate firing.

Automated Pneumatic Saw Cutter: A pneumatic piston contraption combined with Arduino microcontroller to automate cutting wood to a defined shape. Configured CNC machine to create custom CAD parts for the pneumatics saw cutter and soldered 8-pin channel relays onto the Arduino controller board to allow it to communicate. Utilized UART protocol from Arduino data sheet to monitor solenoid air pressure for status leds.

Software: Python, C++, Java, MATLAB, L^AT_EX

Tools: AutoDesk Fusion360 CAD, Git
